Business Item

Item: 2008-232

Meeting date: October 6, 2008

ADVISORY INFORMATION

Date:	September 24, 2008
Subject:	2008-2009 Section 8 Utility Allowance Schedule
District(s), Member(s):	All
Policy/Legal Reference:	CFR Title 24, Part 903
Staff Prepared/Presented:	Beth Reetz, HRA Manager, 651-602-1278
Division/Department:	CD/Housing and Redevelopment Authority

Proposed Action

That the Metropolitan Council approve the attached 2008-2009 Section 8 Utility Allowance Schedule effective November 1, 2008 for use by the Metro HRA in the administration of the Section 8, Family Affordable Housing, and other Rent Assistance Programs.

Background

Each housing authority is responsible for establishing and maintaining a utility allowance schedule that provides reasonable allowances for tenant paid utilities. The Section 8 Utility Allowance Schedule must be reviewed on an annual basis and revised if there has been a change of 10 percent or more in the utility rate. The Council last approved a change in allowances in 2007.

Staff recently completed a review of current average utility rates. Based on the review a 21.9% increase in natural gas, a 1.7% increase in electricity, a 24.5% increase in propane, a 29.8% increase in fuel oil, 1.4% decrease in trash collection, and 18.6% increase in water and sewer charges have been reflected on the proposed utility schedule. The current rates were applied directly to average consumption data rather than applying the percentage increase or decrease to the previous year's allowance figures.

Rationale

Utility allowances are used to determine the total housing cost incurred by a renter for rent and utilities. The total cost of the unit including an estimate for utilities paid by the tenant is used to determine if the cost of the unit is reasonable and falls within the rent standards for the program. Additionally, when the renter is responsible for some or all utilities, the utility expense is taken into consideration when determining the tenant's portion of the rent to ensure the total cost to the renter does not exceed 30 to 40% of the household's monthly adjusted income. Allowances are provided for the following utilities or services if paid by the tenant: heating, cooking, other electric, water heating, water/sewer and trash collection. An allowance is also provided when a kitchen range or refrigerator for the unit must be provided by the tenant.

Currently seventy-one percent (71%) of all Section 8 participants are assisted in a one or two-bedroom multifamily unit where all utilities are included in the rent except electricity for cooking and lights. These households will experience a slight increase in their utility allowance this year. For the remaining participant population living in townhouses, duplexes, and single family homes, where most, if not all utilities are the tenant's responsibility, a greater increase will occur due to the increase in the rates for natural gas, propane, and fuel oil.

Funding

Funding for the rental subsidies received for the Section 8 Housing Choice Voucher, Public Housing, Shelter Plus Care, and Housing Opportunities for People with Aids is received through the U.S. Department of Housing and Urban Development. Funding for the Minnesota Housing Trust Fund Programs (Bridges and Rental

Assistance for Anoka County) is received through the Minnesota Housing Finance Agency (Minnesota Housing). Increases in utility allowances lower the tenant's portion paid toward rent and therefore the amount of the rental subsidy paid to the landlord increases.

Known Support / Opposition

There is no known opposition to this action.

METRO HRA

Section 8 Existing Housing Allowances for Tenant- Paid Utilities and Appliances

Effective 11/1/08

Tenant Name _____

Address _____

To calculate the utility allowance, circle the amount of the allowance listed for all utilities you must pay. Be sure to use the proper column for the bedroom size (BR) and circle the amount for the proper unit type. The "Range and Refrigerator column is only for tenants who own those appliances. DO NOT circle them if provided by the owner.

UNIT TYPE: A = Apartment/Multiple Dwelling
(3 or more units attached)

T/D = Townhouse/Duplex
(2 units attached)

H = Single Family Home
(1 unit)
